Hi all,

I tasked our folks to look at the Functional Assessment, Agency Comments, and the Jurisdictional Determination Report that was recently provided to us by USACE.

Best, Heather

Heather:

This is to submit a couple of memos that Allison drafted this week in response to your request for her to look at the Functional Assessment, Agency Comments, and the Jurisdictional Determination Report. Neither Allison nor I will be available during the next few weeks. Perhaps I'll check in with you in July. In the meantime, I hope you enjoy your vacation!

Callie
